TECHNICAL DATA SHEET

MARINE TWO STROKE TCW-3

PRODUCT DESCRIPTION

MARINE TWO STROKE TCW-3 An ash free high performance two stroke motor oil for use in outboard and high performance outboard motors.

APPLICATION

MARINE TWO STROKE Developed to meet the high demands of modern high performance water-cooled two cycle engines in marine applications.

PERFORMANCE

Ashless formulation to minimise combustion deposits.
Suitable for both pro-mix and oil injected engine.
Reduced ring sticking.
Fully compatible with all common elastomer seals.
Dyed blue show up in fuel mixture.

PERFORMANCE CHARACTERISTICS

- TC-W111(R-10093C)
- TC-W11(S73030)
- API TD(TSC-4)

TYPICAL INSPECTION

Properties	Unit	Value
Viscosity @ 100 °C	cSt	6.3
@ 40°C	cSt	45.0
Viscosity Index	-	125
Density	g/me	0.875
Pour Point	C	-27
Flash Point	C	80
TBN	Mg KOH/g	5.5
